Johnny Seckington's top tips for SS18

• *Curls are a must for the coming season and if you're going to brave the curls, then you'll need that extra bit of moisture and care to keep your bouncy locks lovely. Don't worry, we've got your secret weapon in-salon with Aveda's Curly Hair line.*

• *We are LOVING the latest trend for pixie cuts and headbands. Sassy and super cute, this look is a favourite of A Lister Michelle Williams. Give it a go, styled textured or super smooth, with an Alice band or a bow, a headband is the perfect accessory for your crop this spring!*

• *Blonde is beautiful and ladies love champagne... We are loving the bright fizz inspired blonde tones as seen on celebs like Jennifer Lawrence, Carey Mulligan and Nicole Richie right now! Don't forget that if you're looking to lift your locks then you need to keep a bottle of silver shampoo handy to banish any coppery tones. No one wants yellow hair!*

• *Balayage is big for SS18 and we just happen to be experts in this technique at Seckingtons. Trained by the colour king himself, Jack Howard, we invest in key trends so that we can offer you the best service possible.*

• *Looking for an easy, effortless chic look for the morning after the night before? Look at the beautiful yet simple look of future Royal, Meghan Markle... Want to steal her style? It's easier than you think with Aveda Texture Tonic. We LOVE it!*
