

SPOTLIGHT ON:

**Mother's Day
6th March
Don't forget to book!**

The White Horse now offers a delightful, freshly prepared menu that combines some new modern dishes with some more traditional pub classics, using locally sourced produce whenever possible.

We also offer some really tasty seasonal specials, created by our Chefs Anthony and Adam, and play host to some great value midweek offers.

Future plans include expanding our outside space with the inclusion of a child friendly pub garden.

The White Horse can cater for all sorts of occasions whether it be an intimate meal in our restaurant, group lunches/dinners, or a family Sunday Roast, where nobody has to do the cooking or washing up.

Please drop by and see us..... It may be to try one of our tasty Homemade Burgers or to sample a well earned pint of beer.

The White Horse Husborne Crawley

Matt (Bedfordshire born and bred), partner Sharon and their team would like to invite you to come and check out the New Look White Horse.

After being under new management for 7 months, The White Horse now boasts a new, fresh, modern look, yet is still in-keeping with its traditional English pub roots.

A full internal refurbishment has been completed, including a brand new kitchen, toilets, furniture and log burning stove.
