

# SPOTLIGHT ON:

## The White Horse Husborne Crawley

With two years at the helm fast approaching, Matt and Sharon want to let you know about the new and exciting goings on at The White Horse.

### Food & Wine

With the focus still on serving great quality, fresh food, The White Horse has just launched its brand new 'Grill Menu'. We now offer a range of meats straight from the griddle, including the 'John Stone' dry aged Steak range. All the cattle are from an Irish, grass fed herd which makes it lower in fat and higher in a host of minerals and nutrients. The dry ageing of the beef brings out the meats exceptional tenderness, texture and depths of flavour.

Also on the menu are a range of Burgers, Fish Specials from the blackboard and delicious Homemade Desserts. There are separate Vegetarian and Children's menus, Gluten Free Dishes and also some

great value weekly specials. The Chefs Ben and Sam are really excited about the new menu and also enjoy the chance to showcase their knowledge of flavours with the Daily Specials on offer.

To compliment this new menu, Matt has also introduced a new, specially selected, Wine List that hosts all the favourites ranging from the easy drinking Chilean Sauvignon Blanc to a full flavoured Argentinean Malbec.

### Other News

With the internal refurbishment now complete, the focus has turned to the external features of the pub. As you read this works, which include the pub itself being painted, more new signage and lighting have already been started. The works are due to be completed by the middle of May. The pub will remain open for business as usual.

The White Horse can cater for all sorts of occasions whether it be an intimate meal in our restaurant, group lunches/dinners, or a family Sunday Roast where nobody has to do the cooking or washing up.

Please drop by and see us..... It may be to try one of our tasty Homemade Burgers or to sample a well earned pint of Beer.
